

Summer Discovery Camp

June 15 – 19, 2009

Minnesota State University Moorhead

Find the Reason Why

Join other students who will complete 7th, 8th, or 9th grades to spend a week at MSU Moorhead finding out how scientists come up with reasons to explain the many “whys” of science!

Take one step at a time

- Into rivers, creeks, and ponds to investigate what aquatic creatures tell us about our waters
- To observe and video capture plants growing, bugs transforming, and mold decaying
- To explore new ways of getting energy to power our planet

Cost:

Residential Camp: \$500.00 Students stay in the college dorms. All meals are provided.

Day Camp: \$250.00 Local students have this option, but must find their own transportation. Meals are provided. (There are variable evening activities.)

Scholarships: Many full and partial scholarships are available. Preference for full scholarships is given to students who attend one of these grant schools: Perham, New York Mills, Park Rapids, Lake Park/Audubon, or Moorhead. The simple application requires you to write about why you want a scholarship to attend. More details will be mailed after the registration form is processed.

Registration: To register send in the form on the [attached brochure](#) to Continuing Studies, UPO Box 82, Moorhead, MN 56563. **Deadline:** June 8, 2009 for the registration forms

Contact: Continuing Studies for registration questions at 218-477-5862 or contstdy@mnstate.edu or Shawn Ellingboe for camp questions at 218-477-5836 or ellingboe@mnstate.edu.
